MILAGRO o MIRAKURU

MIRAKURU 01

MIRAKURU 02

ficticio

Para evitar equívocos con MIRAKURU KABUTO ficticios, publico la fotografia del MIRAKURU KABUTO genuino.

Aparece con una probabilidad baja en todos los semilleros de MIRAKURU KABUTO.

Y es difícil de distinguir de bueno en las plantas juveniles. Hay un rasgo que difiere del SUPER KABUTO.

Por favor compare las aréolas y los puntos blancos del genuino y del ficticio.
